

Let's grow something special.

Southern Selects

Seedless Persian Limes

The lime is a refreshing delight although it is rarely consumed on its own. The use of lime juice and lime zest to enhance the flavor of dishes will cut down the amount of salt you need to use. Lime juice is excellent in marinades, salad dressings, guacamole, sorbets, and lime pie.

Limes are hand selected to assure quality. It's the perfect addition to a tropical line of products. Preferred sizes are available and they can be ordered by the case or the pallet.

Availability

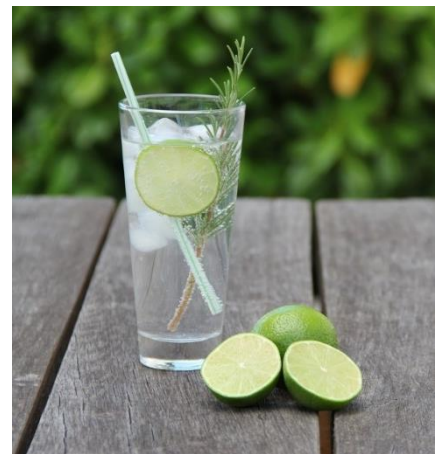

Year-round

Storage & Handling

Warehouse temperature: 50°F

**Limes stored at room temperature should stay fresh for up to a week*

**Limes stored in the crisper drawer in the refrigerator can stay fresh up to a month*
