

Let's grow something special.

Southern Selects

# Baby Zucchini

*Southern Selects baby zucchini are just as tasty as their full-grown counterparts, but bring a unique, gourmet touch to the plate. Our baby zucchini is long and slender with a smooth, darker green skin. Present them whole, roasted, sautéed or grilled as a unique addition to any menu. Kids love their mini size and they are ideal for healthy alternatives, like baby zucchini boat appetizers and baked baby zucchini fries!*
